

**For Immediate Release – October 1, 2021**

**George's Coffee Club Recommends AGAINST Votes on The Woodlands  
Incorporation Now**

George's Coffee Club (the Club), an organization founded to honor, respect and communicate George Mitchell's vision for The Woodlands, has taken the public position to recommend against incorporation now and therefore recommends an AGAINST VOTE on both The Woodlands Township Propositions A and B on the November 2, 2021 ballot.

As a matter of documented policy, the Club whose membership is comprised of 64 members many of whom worked with Mr. Mitchell from the very beginning of The Woodlands and therefor both literally and figuratively helped build our world class community, does not take public positions on political matters. However, in this unique situation the vast majority of Club members feel so strongly that there simply are too many unanswered questions at this point in time to support incorporation now.

"Given that this decision will literally impact every resident, business, visitor, church, school, park and physical infrastructure component of The Woodlands, the stakes are far too high to incorporate prematurely – particularly with no compelling triggers to do it now" states Club President Bruce Tough. "It is our firm belief that Mr. Mitchell would agree that jeopardizing what the Niche organization has stated is the #1 BEST CITY TO LIVE IN AMERICA simply does not make any sense" adds Mr. Tough.

Early voting runs from Monday October 18 through Friday October 29. Early voting in The Woodlands is held at the South County Community Center, 2235 Lake Robbins Drive; and at Lone Star College Creekside, 8747 West New Harmony Trail – room 116. November 2 Election Day polling locations and times are posted on [montgomeryvotes.org](http://montgomeryvotes.org) and [harrisvotes.com](http://harrisvotes.com).

EVERY REGISTERED VOTER IN THE WOODLANDS SHOULD VOTE IN THIS CRITICAL ELECTION, the future of your community depends on it.
